

A SITE TO BEHOLD

Bay Harbor is the quintessential luxury resort community, tucked along the shore of Lake Michigan's Little Traverse Bay. Bookended by two coastal parks, Bay Harbor is filled with gracious private residences, extraordinary hospitality venues, outstanding recreational facilities, beautiful waterside amenities and dedicated conservation areas.

Getting around in Bay Harbor is easy. The non-motorized Little Traverse Wheelway (which runs right through Bay Harbor), coupled with wide, pedestrian-friendly streets and ample parking, allows for traveling the entire resort area using bicycles or GEM cars. These electric vehicles are available for rent in Bay Harbor, and styles vary from sporty two-seater to passenger van style to flatbed truck. Residents and guests staying in The Village at Bay Harbor often prefer walking when visiting the Swim & Fitness Club, Marina, shops or restaurants. Whatever mode you decide to use, travel within the community is a breeze. ↕
